PAID BIG INTEREST.

THIS LASTED A LITTLE WHILE, AND THE FIRM HAS FAILED.

Meeting of the Chesterfield Agricultur Society-Personal and Other Items from Manchester.

Quite a number of Manchester people have, during the last six months, invested ey through the Fisher Company of New York, and they are both sadder and poorer because of their experience. The apany paid big interest at first, but recently the payments have not been so large, and yesterday the subscribers were notified of the company's faffure. It is imated that about \$3,000 is lost by Manchesterians, the bulk of it being among railroad men. Those who a few months ago were sending their spare earnings on for investment and advising others to do likewise were not in a happy mood last night, and the ears of the New York financiers had occasion to

AGRICULTURAL SOCIETY. The Chesterfield Agricultural Society held a meeting in the office of the Commissioner of Agriculture yesterday morning. Those present were President W. W. Baker, Secretary J. B. Watkins, and B. P. Owen, Jr., C. Meade, G. B. Adkins, D. B. Goode, and H. Clay Chamblin.

The president's report showed that after paying all expenses incurred in making the Chesterfield exhibit at the Exposition that there would be a balance of about two hundred dollars remaining in the trea-

A SHARP SPELLING CONTEST.

Young Mr. Lawrence Killed in Missi

sippi-Golden Wedding. SCOTLAND NECK, N. C., November 17 .- (Special.)-There was a spelling match at the Male Academy yesterday afternoo between the boys of the Colomathean and Alomedan literary societies. There were about twenty-five boys on either side, and the contest was sharp, and showed good training by the principals—Messrs. Prince and Wilson. The Colomatheans were the successful ones, three of their number remaining in line when the last Alomedan sat down. POSTAL REVENUES.

MR. BISSELL'S PLAN FOR AVOIDING DEFICITS THEREIN.

He Will Not Divalge It, But Says It Would Render His Department Nearly Self-Sustaining.

WASHINGTON, D. C., November 17 .-(Special.)-Referring to the fact that the deficit in the postal-revenues for the last fiscal year reached the unusually large sum of \$9,250,000, Postmaster-General Bissell said that the falling off was undoubtedly due to the depression in business which has everywhere existed during the past year, and that the western railroad strikes also entered into the situation as an important factor.. The Postmaster-General, however, intimated that he had a plan that he will submit

to Congress in his annual report, which, if adopted, will insure the placing of the Post-Office Department nearly upon a self-sustaining basis. For a great many years the deficit has aggregated about \$5,000,000 per annum. One reason for this is that the department carries free thousands of tons of franked matter from the departments and from Congress each year. There has been some talk of comyear. There has been some talk of compelling the departments and congressmen to pay postage upon this enormous mass of matter, which costs the government thousands of dollars to transport; but Mr. Bissell does not want to bring up the receipts by mere juzgling of figures or by a method of book-keeping which would charge to one department the loss of another, but has so ne substantial and feasible plan, which, Fowever, he will not yet divulge. Mr. Bissell had wide business experience before he entered the Cabinet. He is still president of the Buffalo and Southwestern, one of the leased lines of the Eric railroad. His experience with various railroad corporations has proved valuable in managing the Post-Office Department, and he has already succeeded in looping off hundreds of thousands of dollars of useless expenditures without embarrassing the service.

RUMORED ASIATIC ATROCITIES. Secretary Gresham Doubts the Trust-

worthiness of the Report. WASHINGTON, November 17 .- Secretary Gresham says he has heard nothing officially of the rumored atrocities in Asiatic Turkey, and he does not think they are trustworthy. The United States they are trustworthy. The United States consulate at Sivas is but 259 miles from Bitlis, and our agency at Trebizonde is only 290 miles away. It is thought most improbable that such widespread butchery could occur without the consular officers hearing of it and reporting upon it. The representatives of European nations near the alleged scene appear to have reported nothing on the subject.

TREASURY LOSS OF COLD.

Withdrawals for the Purpose of Buying Bonds of the New Loan. WASHINGTON, November 17.-Trea sury officials are paying a great deal of attention to the withdrawal of gold from the Treasury in exchange for United States notes and Treasury notes, which

they believe is being withdrawn for the purpose of buying bonds of the new loan. Unofficially the opinion is expressed that the Treasury, on this account, may during the next week lose as much as \$10,000,000 or \$15,000,000. Already the loss has reached \$1,700,000. The gold withdrawn from the New York Sub-Treasury during the past few days was taken out by the following parties:

THE SUCAR-TRUST WITNESSES.

They Are Directed to Plend to the In dictments Against Them.

WASHINGTON, D. C., November 17 .-Judge Cole, of Criminal Court No. 2, to day directed that John W. Macartney and Elverton R. Chapman, the recalcitrant witnesses before the Senatorial Sugar-Trust Investigating Committee, whose demurrers he overruled last Tuesday, should appear in court and plead to the indictments. Counsel for Macartney and Chapman will appeal to the Court of Appeals on Monday next from Judge Cole's decision. They will claim that Congress has no power to make a criminal offence the refusal of a witness to testify before a committee, and that Congress has no authority to delegate to the courts power to punish for contempt of either house or of a committee. The attorneys for the defendants say they will carry the case to the Federal Supreme Court on a writ of habeas corpus if the Court of Appeals sustains Judge Cole. trant witnesses before the Senatorial

Old namers for sale at Disputch off

Upwards of \$40,000 worth of New Wares at New Prices are on hand for you here THIS WEEK.

Whatever the lowest prices are in any store it's likely there are lower prices here. A price that is sheer cost to some, or a price claimed to be even less than cost, is often a price at which we sell at a profit in the regular course of business every day throughout the year. There is no mystery about it when you stop to think the advantages that an immense business like ours has; what an outlet for overcrowded manufacturers and importers we are.

Under no circumstances do we allow our stock to run down or our assertments to narrow. Each day shall find a better store here because of a better stock.

If old stock or slow selling things (marked down from prices probably always too high) are wanted-we've not got them here.

It's 1894's LATEST, NEWEST, RIGHT-PRICED GOOD THINGS which we have spread on our counters for you.

putting it on for the first time you were to take a walk, and while out walking yours. Would it enhance your opinion of your own dress any? Suppose, further, you were to see a piece of FUR-NITURE in everybody's house just like a piece in your own. Would you be so. Therefore we make it a policy of our business to have exclusive patterns, no matter what the grade of goods may be, and get control in the city of good Furniture which we can always recommend, both for durability and style,
